The City of Milwaukee Health Department Office of Violence Prevention (OVP) takes a public health approach to preventing and reducing violence through partnerships that strengthen youth, families, and neighborhoods. In 2017, OVP facilitated a community-wide effort to develop and launch Milwaukee's first comprehensive violence prevention plan known as the Blueprint for Peace. The Blueprint contains six (6) goals and 30 strategies prioritized by Milwaukee residents for making Milwaukee a safe and resilient city where the lives of all residents are valued, promoted, and protected.
